WASHINGTON, D. C., March 20.—Balked in their desire to get the measure up today under a suspension of the rules, republican house leaders in charge of the compromise soldier bonus bill still were determined tonight to put the measure through this week. Their expressed intention was to call it up Thursday under suspension of the rules if possible, otherwise under a special rule, which probably would shut out amendments.

Before the house met today the whole situation was laid before President Harding by a committee of house leaders but the executive declined to make any recommendation.

SUPREME KNIGHT
OF CASEYS HERE

James A. Flaherty Will Arrive in Prescott This Noon for Official Visit to Local Council and Fort Whipple.

Welfare work of the Knights of Columbus at Fort Whipple will be inspected today by James A. Flaherty, supreme knight of the order, who will arrive on the noon train from Phoenix, accompanied by State Deputy Voita, and will be escorted to the Yavapai club for luncheon by a reception committee of Prescott council No. 1032.

Mr. Flaherty is touring the west and southwest in the interest of work being done by the order at government hospitals, and to visit local Knights of Columbus councils. This afternoon at 3 o'clock he will meet Major Gail D. Allee at Fort Whipple, by appointment, and will be escorted on a tour of the hospital. Following this, he will be the guest of the local council on an automobile tour of the country surrounding Prescott.

At a banquet in honor of Mr. Flaherty, to be given by the Prescott council tonight, the supreme knight of the Knights of Columbus will deliver a lengthy message to the local council. The banquet will be for all members in Prescott and at Fort Whipple. Music will be furnished by a combination of local orchestras.

Mr. Flaherty will leave on the mid-night train for Ash Fork, to return to national headquarters at the Knights of Columbus at New Haven, Conn.

NO PAUPERS HERE

(Associated Press)
LONDON, March 21.—No man is unemployed in Victoria, Australia, and no man need be poor there, declared John McWhae, the new Agent General for Victoria who has arrived here to start an emigration campaign. He says that Victoria is opening up its irrigable land and has about 1,000,000 acres of crown lands suitable for wheat growing.

WASHINGTON, D. C., March 20.—Senate debate on the Pacific treaty touched its high-water mark of bitterness today in an exchange resulting from suggestions of a secret British-American understanding for future co-operation.

Aroused by recurring references to such an international understanding after its existence had been denied Senator Lodge, republican leader and a member of the American arms delegation, took the floor and in a voice shaken by emotion, declared he could no longer be patient under attacks which seemed to question his patriotism and impugn his honor.

Replying in a fashion scarcely less dramatic, Senator Robinson, democrat of Arkansas, an opponent of the treaty, told the senate he questioned no one's motives but proposed to do his patriotic duty as he saw it without permitting himself to be intimidated by outbursts of indignation. He remained convinced, he said, that both of the senate's republicans on the delegation were "amazingly ignorant" of some of the things done at the conference.

DYE ACQUITTED
IN 2ND TRIAL

Jack Dye, tried yesterday a second time on a charge of keeping liquor for sale at the Royal hotel, last night was acquitted by a jury in the superior court.

Retracing old ground was the job of the criminal division of the superior court yesterday when it tried for the second time in three days, the misdemeanor case against Jack Dye, charged with keeping liquor for sale. Juan Marquez, jointly accused with Dye, who turned state's evidence at the Saturday hearing, was again a prominent figure in the case. He divided attention with the hydrometers of Sheriff Davis.

It took the forenoon to pick a new jury that, it was hoped, could agree as to whether the proprietor of the Royal hotel had or had not violated the prohibition law. Marquez was placed on the stand to tell about the transactions that were alleged to have led up to the arrest of the pair, and later, that of a man named Minor who was said yesterday to be the third partner in the concern.

C. C. Norton, questioning his one-time prospective client on the stand, led the witness up by easy stages to a question about the reasons he had for suddenly abandoning his defense and turning to the state. Before anyone seemed to be aware of what was coming, Mr. Norton asked if it were true that Marquez had demanded of Jack Dye the \$100 to be paid for a lawyer, and on being refused this sum, said he would go to the authorities with his story. The prosecution interjected a hot objection to which the defense answered that it was permissible to show a motive in the case of a man who had allied himself with the other side. The court permitted the question and Marquez' answer was caught only by the reporter. Everybody wanted to know what it was and she quoted: "Yes."

The case went to the jury with expressions of a strong desire on every side including the upper side of the court railing, that the verdict be returned before night had set in. (Continued on page three)

JOHNNY DODGE OUT
OF JAIL FACES NEW
AND SERIOUS CHARGE

(Associated Press Night Wire)
DETROIT, March 20.—John Duval Dodge, youthful millionaire, completed a five-day speeder's sentence this morning, spent the remainder of the day in consultation with his attorneys and departed tonight for Kalamazoo, where tomorrow he faces charges for driving an automobile while intoxicated and illegally transporting liquor.

The Kalamazoo charges grew out of a joy ride a week ago in which a young woman student at a normal school leaped from the car and was injured. Her report of the affair led to Dodge's arrest. Police say he was under the influence of liquor when arrested and had liquor in his car.

LYNCH OBTAINS
6-ROUND DRAW

(Associated Press Night Wire)
PHOENIX, March 20.—Chet Neff of Los Angeles was awarded a decision over Johnny (Kid) Mex of Pueblo after 10 fast rounds here tonight. They are lightweight.

The six-round semi-windup between Billy Conley of Portland, Ore., and Jack Lynch of Prescott was called a draw. They are middleweights.

Johnny Carlyle of Los Angeles, bantamweight, stopped Johnny Cordova of San Diego in the third round.

CLEAN-UP METHODS
USED BY DRY CREW
IN FLORIDA RAIDS

(Associated Press Night Wire)
MIAMI, Fla., March 20.—Forty special government agents divided into eight flying squadrons of five men each acting under the personal direction of Colonel L. G. Nutt, acting federal prohibition director, launched a wide prohibition clean-up campaign today from this city.

The raiders worked rapidly and by midnight had covered a territory of 20 square miles, had seized liquor in 25 places and had made 20 arrests.

AUSTRIAN CREDITS

(Associated Press)
VIENNA, March 21.—It is estimated that about \$4,700,000 sterling will be available from the three credits, Czech, British and French, now seemingly assured Austria. The question is now raised by Austrian newspapers whether this amount will be sufficient to merely pay the invalid's hospital bill until convalescence can begin or whether it will finance his recovery.

Jobs for Vets Campaign In
Middle West Is Big Success

(Associated Press Night Wire)
CHICAGO, March 20.—The campaign of the American Legion for employment for former service men throughout the country met with an immediate and enthusiastic response in the central west today. Reports from all the larger cities told of success met on the opening day of the drive and of the efforts being made

ARIZONA SEA
OUTLET AGAIN
IS URGED FOR
U. S. PURCHASE

(Associated Press Night Wire)
PHOENIX, March 20.—The senate committee of the whole spent most of the day in consideration of the financial code. The measure probably will be disposed of tomorrow.

The whole committee today recommended passage of the Goodell bill authorizing school boards to contract for paving streets upon which school property abuts. This can be done now only by submitting the question of paving to voters of a school district.

Two resolutions were introduced in the senate, one by Senator Schleimer protesting against exorbitant freight rates imposed on Arizona; the other by Senator Claypool urging congress to negotiate with Mexico for the cession to the United States of a strip of northwestern Sonora along the Gulf of California, admitting Arizona to deep sea privileges.

The house also spent most of the day in committee of the whole. Among bills disposed of by favorable recommendations were:

Senate bill 38 providing for a special election at the time of holding the state primaries on the proposed constitutional amendments.

House bill 51, amending slightly the law for formation of irrigation districts.

Senate bill 37 which repeals old senate bill 63 and permits the state to incur an indebtedness not exceeding 4 per cent of the state's assessed valuation for purposes of public improvements but requires that the question must first be submitted at an election at which only owners of real property may vote.

Senate bill 124, relating to elections to the office of county supervisors so that there may always be one hold-over member.

The house, on motion of Representative Haynes recommended indefinite postponement of senate bill 15 to amend the constitutional provision relating to the initiative and referendum. There were some references to the "cruise of the tin lizzie" piloted by former Governor Hunt in his campaign against the proposed constitutional amendments.

Similar action was taken on motion of Mrs. Bush on senate bill 28 which proposed restoration to the legislature of the power to amend or repeal initiated laws.

COTTON MARKET

(Associated Press Night Wire)
NEW YORK, March 20.—Cotton closed steady at 2 to 15 points net decline with May at \$17.90 and July \$17.28 or practically bottom for the day.

ALL OUT OF RHINE
LAND IS ORDER TO
CHIEF OF YANKEES

(Associated Press Night Wire)
WASHINGTON, D. C., March 20.—All American troops will be out of Germany by July 1, under orders issued by Secretary Weeks today by direction of President Harding. About 2,000 officers and men are directly affected as the remainder of Major General Henry T. Allen's command in the Coblenz bridgehead zone on the Rhine already were given home orders.

The announcement of the decision in the case of Mrs. Madalynne Obenchain, charged with the murder of J. Belton Kennedy, visited District Attorney Woolwine today to discuss with him incidents of the jury room deliberations. They were among the nine who voted for conviction.

The assertion was made, Mr. Woolwine said later, that one of the three jurors who held out for acquittal had been seen during the trial talking to a person interested in the defense and that all three refused to listen to any argument in the jury room.

The district attorney declined to say what, if anything, he proposed to do as a result of the jurors' visit to him.

Mr. Woolwine said the prosecution would move for a joint trial of Mrs. Obenchain and Arthur C. Burch, her co-defendant. Burch's first trial also ended in a disagreement.

50 MILLION PASSED
FOR FEDERAL AID

(Associated Press Night Wire)
WASHINGTON, D. C., March 20.—The postoffice appropriation bill with \$623,773,000 was passed late today by the senate after a heated fight. The measure carries \$63,300,000 more than as passed by the house, \$50,000,000 of the increase going for federal highway aid.

The bill also carries provisions for restoring to service the New York pneumatic mail tubes and for continuing the New York to San Francisco air mail service.

LOOKS LIKE SMALL
ARMY PLAN IS SURE

(Associated Press Night Wire)
WASHINGTON, D. C., March 20.—After a conference today at the capitol with house republican leaders, Secretary Weeks said he saw little prospect of the house agreeing to a larger army during the coming fiscal year than the force provided for in the army appropriation bill—115,000 men and 11,000 officers.

Reiterating his belief that pay provisions should be made for 143,000 men exclusive of 7,000 Philippine scouts and 13,000 officers the secretary of war said he had hoped the senate would insist on that strength.

ARBUCKLE AND OBENCHAIN
PANELS PROTESTED ON THE
SAME DAY; INQUIRY STARTS"FIXED" JUROR HINT,
GIVEN WOOLWINE BY
TWO L. A. VENIREMEN

(Associated Press Night Wire)
LOS ANGELES, Mar. 20.—Three members of the jury which disagreed in the case of Mrs. Madalynne Obenchain, charged with the murder of J. Belton Kennedy, visited District Attorney Woolwine today to discuss with him incidents of the jury room deliberations. They were among the nine who voted for conviction.

The assertion was made, Mr. Woolwine said later, that one of the three jurors who held out for acquittal had been seen during the trial talking to a person interested in the defense and that all three refused to listen to any argument in the jury room.

The district attorney declined to say what, if anything, he proposed to do as a result of the jurors' visit to him.

RUSSIAN RELIEF

(Associated Press)
MOSCOW, March 21.—A large proportion of the money which Soviet Russia itself has available for famine relief has to be paid to transport the food which the American relief administration is furnishing to 2,000,000 children and 5,000,000 adults in the Volga region.

SUICIDE PACT OF PRETTY DIVORCEE WAS
OUTCOME OF HER ENGAGEMENT TO ATHLETE

(Associated Press Night Wire)
BOSTON, March 20.—Miss Pauline Virginia Clark, beautiful divorcee, had announced her engagement to Bayard Wharton, Harvard athlete and son of Henry Wharton the Philadelphia banker, five hours before she ended her life by poison at her apartment last Thursday morning. This statement was made by Miss

Ona Cossick of Wooster, a guest of the party at Miss Clark's rooms. Miss Cossick asserted that the young woman had promised her intended husband that she would see no more of the moody young Norwegian technology student, Otto Larsen of Christiania, who took his own life Sunday by poison from the same vial that he had admitted he had given Miss Clark to use.

CANAL TRAGEDY CLAIMS LIVES OF TWO
WOMEN NEAR PHOENIX WHEN CAR UPSETS

(Associated Press Night Wire)
PHOENIX, March 20.—Miss Hattie Minsch, 24, an employee of a Phoenix bank, and her aunt, Mrs. Mary Minsch, wife of a rancher, were found dead early today under an overturned automobile in a canal just southeast of Phoenix.

They were on their way home after having visited friends last night when the car left the road and plunged into the canal. Imprisoned under the wrecked car they were drowned in four feet of water. The accident took place about 200 feet from the home of the friends they had visited. The tragedy was discovered this morning when a son of Mrs. Minsch came upon the automobile. Mrs. Minsch would have celebrated her forty-seventh birthday today.
